**The Kinder Garden School Introduces Children to Landmarks in Cincinnati**

This summer, The Kinder Garden School will take preschool and school age children on field trips to Cincinnati Landmarks to teach about the history of Cincinnati and its people. The Summer of Fun has proven to be a huge success in The Kinder Garden School community. The children take field trips every other week to local parks but they are also planning several field trips to Krohn Conservatory, The Cincinnati Reds Hall of Fame Museum and Washington Park to visit their fiberglass pig that will participate in the Big Pig Gig in Cincinnati. The pig project is produced by Artworks Cincinnati. Pig-tunia was displayed during the Flying Pig Marathon on May 6, 2012 but has been moved from its Yeatman's Cove location uptown to Music Hall for the World Choir Games. The World Choir Games will take place July 4-14, 2012 in downtown Cincinnati. After the World Choir Games, Pig-tunia will be relocated again to Washington Park. The Kinder Garden School is planning a field trip to tour the other pigs that are being displayed around downtown Cincinnati as well as stopping for a quick photo-op with Pig-tunia!

The Kinder Garden School strives to provide the very best education and enrichment to children ages 6 weeks through school age. Since their inception in July, 2004, the school has attained Step Up to Quality recognition. They have also received their Charter through the Ohio Department of Education for grades kindergarten through 2<sup>nd</sup> Grade. Its founders, Tami Lanham and Suzi Lenhart, were both teachers with over forty years of combined experience in Early Childhood Education. Lanham worked for Cincinnati Public Schools and Lenhart for Oak Hills and Three Rivers Local School Districts. The Kinder Garden School prides itself on enveloping a child's education, development and social skills into a fun and loving environment that feels like home.
