The Kinder Garden School Children Learn Nutrition in Motion

The children from The Kinder Garden School in West Chester built cars and trucks out of vegetables. The Kinder Garden School's Summer of Fun summer camp has included such themes as Photography, Gardening, Dinosaurs and Space Camp. When the week for studying motion came, the Traditional Preschool classroom built cars and trucks out of vegetables. The Kinder Garden School prides itself on providing fun activities that help the children learn. The activities the children complete are based on mathematic and science content standards which are issued by the Ohio Department of Education.

In addition to its rich curriculum, this beautiful facility also offers web-cams in every classroom which grant 24-7 access through their password-protected website. The Kinder Garden School offers below state ratios and teaches children ages 6 weeks through school age. If you would like more information about programs and curricula, visit www.kindergardenschool.com or call 513-874-3100 to set up a tour.

The Kinder Garden School is devoted to growing a child's wish to flourish and learn by cultivating curiosity and problem-solving proficiency in a fully supportive, fertile, fun setting. **ENLIGHTENMENT IS OUR MISSION.**
